

The Castle in the South

Wow! Take a look at this magnificent castle. What a place to land! Slide off the platform using the rope, and wind left and right down the Castle Road. Enjoy the trip across the stone bridge – it's like sailing over a sea of green. Go down the snaking path to the mouth of the forest. Mr X seems to have escaped in that direction.

Mr X's Castle Challenge

I have cast a spell over the stone soldier statues that can be found around the castle. Now, they threaten to destroy the whole town!

Find seven stone statues before advancing to the next stage.

Oh, what am I going to do?
My goats have managed to escape!
Can you help me find them?
There are ten goats in all.
