THE MERMAID ATLAS: MERFOLK OF THE WORLD

Magical and mysterious, the merfolk of the world are notoriously elusive, but this enchanting compendium will reveal their secrets.

YOU WILL NEED:

PRINTER

PRINTER PAPER

SCISSORS

GLUE STICK

THIN CARD

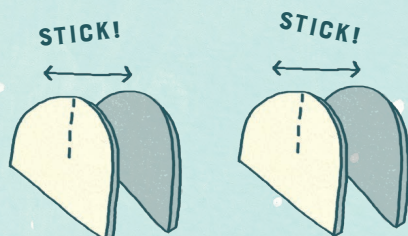

(A CEREAL BOX WOULD WORK)

STEP 1

Print out the backgrounds and merfolk illustrations.

STEP 2

Choose a background and stick it to the card. Cut out all the pieces along the dotted lines. To create the two base supports, line up side A and side B, so that the paper design faces outwards and stick the card sides together.

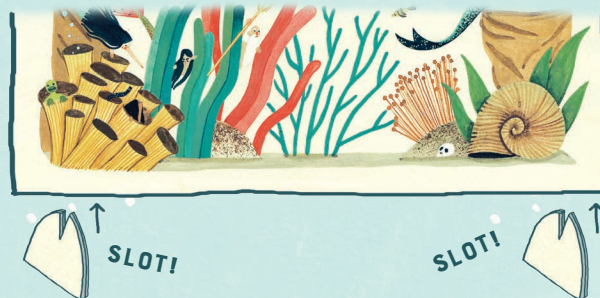

STEP 3

Cut out your favorite paper merfolk illustrations and arrange on the background to create your seascape. When you're happy with how it looks, glue them down.

STEP 4

To make the background freestanding, cut a slit into each of the base pieces along the dotted lines. Slot the background into the base pieces, one on each bottom corner as shown below.

STEP 5

We'd love to see photos of your finished seascapes! Tag us on instagram @laurencekingpub and share with #AtHomeWithLKP.
